INFANT DEVELOPMENT PROGRAM (IDP)

IDP is a family-centred, home-based program that serves children from birth to three years of age who are considered at risk for developmental delay, are already experiencing a delay or have a diagnosis.

CHILD DEVELOPMENT CENTRES (CDC)

Our CDCs offer quality inclusive childcare programs for all children ages 4 months to 12 years. We also provide spaces for those who require extra support through Vancouver/Richmond Supported Child Development. We encourage children and their families to develop understanding and acceptance for all.

DROP-IN CENTRE

Individuals participate in activities of their choice, ranging from one to four hours in length for semi-independent adults who live with families or on their own.

Our adult day programs consist of recreational, social, educational and behavioural skills training for individuals with a developmental disability.

COMMUNITY APARTMENT & SEMI-INDEPENDENT SERVICES

For those individuals who are more independent, we offer residential services at varying levels of support.

RESIDENTIAL SERVICES

With residences across Vancouver and Richmond, we accommodate a diverse population of adults through personalized supports targeting identified areas of need and comprehensive support staff training.

HOME SHARE

In our home share program, we match adults who are interested in living with a supportive family with suitable caregivers.

FAMILY SUPPORT

We provide individual family assistance to help you navigate the challenges of supporting a child with developmental disabilities.

RESPIRE SERVICES

Our mission is to ensure that all children, from birth to 6 years, in foster care settings have access to opportunities and environments that promote optimal physical, cognitive, social, emotional and spiritual development.

LEISURE CHALLENGE

This program offers quality after-school recreational opportunities and life skills programs for youth ages 12-19 years.

JOBS WEST
